Islamabad G11 (Willing to Relocate)

A dedicated Web Developer with more than a year of hands-on experience in web development, specializing in HTML, CSS, JavaScript, Bootstrap, and React.js. Proven ability to develop responsive websites and web applications, debug issues effectively, and improve overall site performance. Proficient in backend development with Node.js, Express.js, and MongoDB. Seeking opportunities to apply and enhance my web development skills in a dynamic and collaborative environment.

## AREAS OF EXPERTISE:

- |                            |                                       |
|----------------------------|---------------------------------------|
| ✓ HTML, CSS                | ✓ Node.js, Express.js,                |
| ✓ JavaScript               | ✓ MongoDB                             |
| ✓ Bootstrap 5 Tailwind CSS | ✓ Git                                 |
| ✓ React.js                 | ✓ Adobe Photoshop, Illustrator, Figma |

## PROFESSIONAL EXPERIENCE:

### Loin Software House Islamabad

Front End Developer Intern | November 2023 - February 2024

- Developed responsive website UIs using HTML, CSS, Bootstrap 5, JavaScript, and React.js.
- Customized and updated client websites to enhance functionality and user experience.
- Successfully debugged web-related issues, leading to improved efficiency and performance.
- Analyzed user research trends and suggested design process improvements.
- Created web applications in React.js.

## RELEVANT PROJECTS:

### Personal Portfolio

<https://codelink83.github.io/portfolio>

Using React Js developed a personal portfolio website to showcase projects and skills.

### PSD to Live

Successfully converted fairly complex mocks to live applications using MERN Stack.
